More and more people are choosing Microsoft Excel as the application of choice for an array of home and workplace activities. Excel's ability to store, administer, analyse, communicate, and present a variety of data means that in the hands of a trained user Excel is an extremely powerful tool. Our one day workshops will give you all the knowledge you need to make Microsoft Excel work for you.

Who is this course for?

This workshop is aimed at people who wish to use Excel as a database.

What if I can't fit it in?

The Business Solutions @ Northbrook team understand how hectic life can be sometimes; it's for this reason that we're happy to customise this workshop for individual employers and ensure flexible delivery, either on your premises or at Northbrook College (A company costing will be provided once your training needs are finalised).

What do I gain on completion?

Upon completion of this half day workshop you will receive a Northbrook College Certificate of Attendance, easy to follow handouts, and enough knowledge to proceed and progress onto other workshops and IT courses. Oh, and don't worry - there are no examinations or assessments on this course!

What are the specific details?
