

## MICROSOFT EXCEL INTERMEDIATE DATABASE AND CHARTS, MULTI-SHEETS AND FUNCTIONS

More and more people are choosing Microsoft Excel as the application of choice for an array of home and workplace activities. Excel's ability to store, administer, analyse, communicate and present a variety of data means that in the hands of a trained user Excel is an extremely powerful tool. Our one day workshop will give you all the knowledge you need to make Microsoft Excel work for you.

This workshop is aimed at people using Excel as a database who want to be able to filter data and display the results graphically and learn more about the many formulas and functions available in Excel.

### Do I need any experience?

Yes, a basic knowledge of Excel is essential.

### What if I can't fit it in?

The Business Solutions @ Northbrook team understand how hectic life can be sometimes; it's for this reason that we're happy to customise this workshop for individual employers and ensure flexible delivery, either on your premises or at Northbrook College (A company costing will be provided once your training needs are finalised).

### What will I gain from this course?

Upon completion of this workshop you will receive a Northbrook College Certificate of Attendance, easy to follow handouts, and enough knowledge to proceed and progress onto other workshops and IT courses.

### How do I enrol or get further information?
