

## NCFE LEVEL 3 CERTIFICATE IN THE PRINCIPLES OF END OF LIFE CARE (QCF 16 CREDITS)

This qualification is aimed at learners seeking to increase their knowledge of end of life care in a vocational setting. It is aimed at those working in the healthcare sector whose job role includes caring for those who have a life-limiting illness. All qualifications are run within the workplace and certification is gained by the completion of a workbook and internal and external moderation.

### Who is this course suitable for?

The NCFE Level 3 Certificate in the Principles of end of life care is an ideal qualification for those seeking to increase their knowledge and understanding of end of life care in a vocational context. This includes a wide range of people working in healthcare whose job description includes caring for those who have a life limiting illness. This qualification is also appropriate for those who have already achieved other sector specific qualifications in the healthcare sector who need to apply their understanding in a palliative care context.

### Do I need any experience?

No previous experience required.

### What if I can't fit it in?

The Business Solutions @ Northbrook team understand how hectic life can be sometimes; it's for this reason that we're happy to customise this workshop for individual employers and ensure flexible delivery, either on your premises or at Northbrook College (A company costing will be provided once your training needs are finalised).

### What will I gain from this course?

Learning Outcomes Include:

- > Understanding end of life care
- > Communication during end of life care
- > Assessment and care planning in end of life care
- > Person centred approaches to end of life care
- > Care during the final hours of life and bereavement care
- > Attendees will gain a NCFE Level 3 Certificate in the Principles of End of Life Care upon successful completion of 16 credits
